PROFESSIONAL EXPERIENCE

Drexel University | Teaching Assistant - Project Management **Jan 2026 - Mar 2026**

Philadelphia, PA

- Supported course delivery and grading for a Project Management course covering project scheduling, Gantt charts, PERT/CPM, earned value management, risk analysis, and MS Project fundamentals.
- Reviewed assignments and midterms for accuracy, formatting, and application of project management concepts while maintaining consistent grading standards and timely feedback.
- Assisted students with schedule logic, dependency mapping, EVM calculations, project planning deliverables, and MS Project setup or troubleshooting questions.
- Coordinated with the course instructor to clarify grading guidelines, late-submission policies, and solution expectations, improving fairness and instructional consistency.

SAP | iXp Intern, CoE VPR (Service Delivery Excellence) **Jun 2025 - Dec 2025**

Newtown Square, PA

- Scoped, coordinated, and supported 60+ Customer Success and Premium Engagement services for strategic enterprise customers including Apple, Microsoft, Google, Johnson & Johnson, and NVIDIA.
- Built and delivered 40+ service assets including contracts, project plans, service blueprints, and scoping documentation aligned with Premium Hub, Preferred Success, and TQM methodologies.
- Conducted readiness verification for high-impact services such as Go-Live Support, Business Process Optimization, and Volume Testing, reducing deployment and operational risks by approximately 15%.
- Partnered with Enterprise Architects, Technical Quality Managers, and CoE Leads to position and scope services aligned with SAP S/4HANA, SAP HANA, SAP BTP, and RISE with SAP initiatives.
- Produced daily Scoping Analytics Reports to support forecasting, decision-making, service planning, and Premium Engagement account execution.
- Improved delivery excellence by standardizing scoping workflows, optimizing documentation practices, and supporting continuous improvement initiatives within the Center of Expertise.

LTI Mindtree | SAP ABAP Consultant

Jul 2022 - Jul 2024

India

- Delivered 30+ ABAP development objects across MM, SD, FI, PM, and HR modules in line with user requirements, project quality standards, and SAP S/4HANA best practices.
- Earned the Trailblazer Squad (Client Impact) award for contributions to an SAP S/4HANA Greenfield Implementation for Angola LNG, demonstrating customer focus and delivery excellence.
- Developed complex ABAP programs including Customer Data Upload, Notification Processing, and Purchase Requisition automation to streamline business processes and improve operational outcomes.
- Closed 95% of assigned incidents and development tasks within SLA by applying strong ownership, technical troubleshooting, and quality management discipline.
- Conducted knowledge transfer and mentoring sessions for new hires and junior consultants to support project continuity and team capability building.
- Supported solution design discussions, AI-driven enablement initiatives, and cross-functional troubleshooting across complex SAP environments.

Students Association and Arts Society | Treasurer

Aug 2021 - Jun 2022

India

- Managed and accounted for $20,000 in government-allocated funds, ensuring compliant budgeting, expenditure tracking, reporting, and responsible fund utilization.
- Planned and executed two national-level events by coordinating budgets, logistics, stakeholders, timelines, and financial controls.
- Oversaw financial operations for the student association, including budget planning, expense approvals, cost tracking, and year-round reporting.

PROJECTS

SAP S/4HANA Greenfield Implementation | Angola Liquid Natural Gas

- Contributed to a full-cycle SAP S/4HANA Greenfield implementation by supporting design, development, testing support, and delivery of enterprise business processes.
- Developed and enhanced custom ABAP objects including reports, interfaces, conversions, enhancements, and forms (RICEFW) to support the new system architecture.
- Supported data migration activities by rebuilding or adapting legacy business objects based on the new business process design and strategic roadmap.
- Worked closely with cross-functional SAP teams to translate business requirements into scalable technical solutions and support smooth end-to-end process execution.

APAC Region Run Team | L'Oreal

- Provided technical support for business users across the APAC region, resolving production issues, troubleshooting data problems, and supporting stable SAP operations.
- Debugged ABAP code, analyzed incidents, and guided users through issue resolution to maintain system reliability and business continuity.
